Vineyard Tours and Wine Tasting Events
A wine tasting in one of the wine-producing villages of the region or the city is now possible at any time, thanks to our “Franconian Wine Experience Tour Guides”. In close cooperation with our winemakers, we are happy to make you an individual offer that will meet your wishes and needs. In the brochure “Wine Discoveries”, you will find a list of all wineries in the area.
Splendid castles, old fortresses and the unique Franconian wine and goods cellars (Gaden) invite you to learn more about the history of the Franconian culture. Ancient Franconian half-timbered houses reveal the original appearance of several medieval locations. Impressive structures from the past appear in picturesque squares and alleys, such as the Balthasar-Neumann-Castle in Werneck with its spacious park, or the historic city centre of Gerolzhofen with its fortified towers, city wall and the Steigerwald Cathedral.

GROUP OFFERS FOR GOURMETS
Vienna has the Sachertorte cake, Salzburg its Nockerl dumplings, Munich, the Bavarian Weißwurst (veal sausage) and Schweinfurt has its popular Schlachtschüssel.

Today, the “Original Schweinfurt Schlachtschüssel” can look back on a long tradition. In 1840, at the restaurant “Goldener Stern”, 360 Obere Gasse in Schweinfurt, the butcher and host Georg Josua Schwanhäusser celebrated a Schlachtschüssel for the first time. The Schlachtschüssel speciality has survived all the perils of time and, in 1991, on the occasion of the 1200th anniversary of the city, 1200 people participated in the Schlachtschüssel event, the largest number of people so far.

The Schweinfurt Schlachtschüssel is not an ordinary meal. Here, freshly cooked cuts of pork are served, course by course, and eaten directly from wooden boards scrubbed bare and laid on top of the table. Fresh farmhouse bread, horseradish and sauerkraut are served on the side. Salt and pepper are mixed and provide a seasoning that’s just right. The meal is best topped-off with Most or wine. Beer, however, is frowned upon, and smoking is only allowed again after the wooden boards have been taken off the table. Groups and companies are welcome to “pig out” at this amusing event.

A delectable “pig out” for groups and companies. Reservations via the respective host restaurants during the winter months (September to April).

GUIDED TOURS AND EXCURSIONS

Notes and Information

1. Intermediate Role
The Tourismus-Zweckverband Schweinfurt 360° (TZS - Tourist Administration Unit) finds tour guides for interested groups, with the diligence of a proper business person. The contracting parties of a guided tour are the ordering party on the one hand and the tour guide on the other hand. All contractual relations are between these two contractual parties.

2. Booking
Written booking must be made as early as possible in writing. The order will be confirmed as soon as possible.

3. Fees
Since 01.01.2014, the gross fees for guided city tours and tour guides are as follows:

City Tour:
- German: per hour €40
- each additional ½ hour €20

Guided Tour in a Foreign Language:
- One-time surcharge €10
- English, French, Italian, Hungarian, Russian, Polish

Costumed Tour:
- One-time surcharge €10

Half-day Rate - Excursions of up to 5 hours:
- German €200
- Foreign Language €210

Day Rate - Excursions of up to 8 hours:
- German €300
- Foreign Language €310

4. Terms of Payment
Payment has to be made in cash at the end of the tour to the tour guide. A receipt can be issued upon request.

5. Wailing Times
The tour guide is obligated to arrive at least 5 minutes prior to the start of the tour at the agreed meeting point. This does, however, not affect the actual duration of the tour. Should the group arrive late, the tour guide is obligated to wait for 45 minutes after the agreed starting time of the tour.

If the group arrives within the 45-minute waiting time, they and the tour guide have to make a joint decision on whether the tour will be shortened accordingly or – in case the tour guide has no other commitments – if the tour will still last as long as originally planned. If the latter is the case, the fee will be charged based on the waiting time plus the actual duration of the tour.

If the group does not arrive after the 45-minute waiting time, the tour guide may keep waiting or regard the group as a no-show. In the latter case, the tour is considered cancelled and the tour guide is entitled to a cancellation fee based on the agreed duration of the tour.

6. Cancellation Deadlines Towards the Tour Guide
If the ordering party does not take part in a booked tour or does not cancel the tour in written form at least 2 workingdays prior to the tour start, the tour guide is entitled to a cancellation fee:
cancellation of a booked guided tour is free up to 3 workingdays before the tour starts. After that, the tour guide is entitled to a cancellation fee of 75% of the agreed fee.

7. Liability
According to legal provisions, the tour guide is only liable against possible recourse claims of the ordering party in case of willful intent and gross negligence. Liability of the City or the District of Schweinfurt (represented by TZS) is generally excluded.

8. Recommended Group Sizes
It is not recommended that more than 25 persons join a group. For groups of more than 25 persons, proper understandability of the tour guide and visibility of the objects presented, cannot be guaranteed. In some cases (for example bus tours or tours on special topics), tours with more than 25 persons are possible, the maximum number of participants per tour guide is, however, 30. No additional fees will be charged.

9. Recognition of These Conditions by the Ordering Party
The ordering party of a tour accepts these conditions at the time the order is placed. In case the ordering party only learns about these conditions after placing the order, they accept these conditions unless they object to them immediately after becoming aware of them. March 2018
